

"Amazing care, [team] was very understanding and gave good feedback and have set me up for success outside of Compass."

- Virtual Adult Program Patient

COMPASS

..... VIRTUAL

EVENING PHP/IOP

AGES 18+

Comprehensive, convenient behavioral health care built on a decade of experience delivering Partial Hospitalization (PHP) and Intensive Outpatient (IOP) programs with Compass Health Center, Illinois' largest psychiatric and PHP/IOP services provider.

Compass Virtual's Evening PHP/IOP programs are designed for individuals whose depression or anxiety symptoms are interfering with day-to-day life and who may benefit from more supportive treatment while maintaining daytime responsibilities.

PROGRAM HIGHLIGHTS

- 100% interactive virtual programming
- Exceptional patient satisfaction ratings
- Clinical outcomes equivalent to in-person care
- Serving young adults (ages 18 to 23) and adults (age 24+)

TREATMENT MODALITIES

- Group, individual, and family therapy
- Psychiatric evaluation and medication management
- Resource and experiential therapies
- Discharge planning

SYMPTOMS/DIAGNOSES TREATED

- Depression
- Bipolar disorder
- Generalized anxiety
- Complex Anxiety/OCD
- Comorbid substance use
- Suicidality

SCHEDULE

Evening Partial Hospitalization Program	3:00 pm to 8:00 pm CST
Evening Intensive Outpatient Program	5:00 pm to 8:00 pm CST
